

PROFESSIONAL REGISTRATION RENEWAL APPLICATION

ASSOCIATION OF
SCHOOL BUSINESS OFFICIALS
INTERNATIONAL

PROFESSIONAL REGISTRATION PROGRAM INFORMATION

Enhanced Professionalism

A long sought-after goal of many individuals in the field of school business management has been the attainment of professionalism not only in the acquired knowledge and experience, but in the recognition by peers in the school business field, in other facets of education, and in other professions.

Professional Registration offers both acknowledgment and recognition for professionals in all levels of school business management. Professional Registration is a way of identifying the true professionals in the field, the ones with the background, training, and on-the-job experience to merit the honor.

Registration Designations

Professional Registration is available at three levels:

- *Registered School Business Administrator (RSBA)* – The professional who has overall administrative responsibility for the school system’s business functions and who has attained a master’s degree.
- *Registered School Business Official (RSBO)* – The professional who has overall administrative responsibility for one area in the school system’s business functions and who has an undergraduate degree.
- *Registered School Business Specialist (RSBS)* – The professional who has administrative responsibility for one area in the school system’s business functions and who does not hold a college degree.

Attainment of the RSBA, RSBO, or RSBS designation requires commitment to continuing education and honing skills and knowledge to meet the ever-changing demands of schools and their administration.

Benefits of Registration

A mark of distinction, ASBO International’s Professional Registration is a distinctive honor of professional achievement in school business management. The benefits of registration can include:

- Continuous education in the field of school business management
- Increased credibility in the education community
- Use of the designation (RSBA, RSBO, or RSBS) after your name
- Improved ability to compete in the job market
- Increased remuneration and benefits on the job

Professional Registration acknowledges the essential principles of continuing education, recognizing a candidate’s work experiences and other life accomplishments, particularly those areas in school business administration that are most reflective of successful professional attainment.

Objectives of Professional Registration

The objectives are:

- To raise the professional standards of those engaged in school business administration.
- To improve the practice of business administration by encouraging school business officials to participate in a continuing program of professional development.
- To identify persons who follow prescribed standards of performance and conduct and who have acceptable knowledge of the principles and practices of school business administration, related disciplines, and laws governing and affecting schools through fulfilling prescribed standards of performance and conduct.
- To award special recognition to school business officials who have demonstrated a high level of competence and ethical fitness in school business administration.

Eligibility

The requirements for consideration for RSBA, RSBO, or RSBS designation include documented evidence of successful school business administration skills, participation in continuing education programs, and demonstrated leadership in the profession and in the community.

Applicants must meet the following prerequisites:

- Be a Professional member of ASBO International.
- Be employed on a full-time basis in a school business management position for three consecutive years in one school or school system, or five years in the school business field.
- Have acceptable character, ability, and reputation confirmed in writing by their school superintendent.
- Pledge to adhere to the ASBO International Code of Ethics and Standards of Conduct.
- Meet the education and administrative responsibility requirement(s) of the designation (RSBA, RSBO, or RSBS) for which they applied.

Renewal Fees

A fee of \$60 will be charged for each five-year renewal period. These fees partially offset the cost of administering the registration program.

Five-Year Renewal Period

In 1985, the program was revised to require registration renewal every five years through the accumulation of 15 points from participation in various professional development activities and leadership roles.

Upgrading

ASBO International is no longer accepting Professional Registration upgrade applications.

History

The requirements for the RSBA and RSBO designations were originally approved by the ASBO International Board of Directors in 1964 and were revised in 1976 and 1979. In 1983, the board approved the RSBS category. The program was again revised in 2003.

Suspension or Revocation

School business officials who do not acquire sufficient maintenance points to be registered on their registration renewal date (and do not have a life certificate) will be notified in writing of suspension from using the RSBA, RSBO, or RSBS designation and will no longer be listed as such in any publications until they:

- 1) Resubmit to the registration process, successfully meet the criteria for registration by personal data information, and pay the appropriate fee; or
- 2) Acquire make-up points at a cumulative total equal to four per year for every calendar year since and including the year suspended. Category points restrictions will be waived.

ASBO International reserves the right to suspend or revoke the professional registration designation due to an individual breaching ASBO International's Code of Ethics. Please consult page 26 in ASBO International's Professional Standards manual at www.asbointl.org/Publications

Appeals Process

Applications are processed by ASBO International headquarters. The ASBO International Board of Directors will resolve any dispute.

Disclaimer

ASBO International assumes no liability, in part or in whole, for results or outcomes as a result of actions, performance, or non-performance of any work produced by any individual holding ASBO International's Professional Registration.

PROFESSIONAL REGISTRATION RENEWAL APPLICATION

Maintaining Registration

The continuing education of school business officials is essential to enable schools to cope with rapidly changing conditions. To ensure the highest level of professionalism at all levels of school business management, the Professional Registration Program requires recertification every five years. Mandating recertification ensures that registrants maintain their expertise in the field by participating in continuing education and professional development activities. Maintaining the RSBA, RSBO, or RSBS designation requires the participants to make a concerted effort to continually hone their professional expertise.

To remain registered, a school business official must accumulate professional credits and every five years submit a completed registration renewal form to ASBO International. This form will demonstrate the accumulation of 15 points through participation in various professional development activities and leadership roles.

Registration Renewal

The expiration dates on the registration certificate indicates the first renewal date. After initial registration, school business officials must renew at five-year intervals (with the renewal reporting form due by November 1st preceding the registration renewal date). Professional credits for registration renewal can be accumulated any time during the year they first obtain or renew their Professional Registration to the November 1st immediately preceding the next renewal date. For example, registered officials who receive a certificate expiring on January 1, 2014 must file a record of 15 professional points earned with the ASBO International Headquarters on or before November 1, 2013, and their registration will be renewed through January 1, 2018.

Life Registration

An RSBA, RSBO, or RSBS who has retired from school business and is at least age 55, or upon reaching the age of 60, and holding a current registration, is registered for life. Registrants must notify ASBO International when they qualify for Life Registration. No further renewal reporting is necessary.

Renewal Fees

A fee of \$60 is charged for each five-year renewal period. This fee partially offsets the cost of administering the registration program.

PROFESSIONAL REGISTRATION RENEWAL APPLICATION FORM

Please supply the information below.

Ms. Mrs. Mr. Ph.D. Ed.D. SFO Other: _____
